

MANDATORY MASK REQUIREMENTS

AS OF NOVEMBER 25, 2020

PREPARED BY

FOR FURTHER UPDATES VISIT WWW.CONVENIENCEINDUSTRY.CA

Where such information has been announced, below is an update on mandatory mask orders for areas that require masks be worn inside enclosed public spaces such as convenience stores and gas station kiosks.

Please note that this is intended as general guidance and not legal advice. Local by-laws may impose more stringent requirements (e.g. an obligation to provide hand sanitizer and/or an obligation to turn away customers who are not wearing masks). Consult the [CICC website](#) or contact your local public health authority for further information.

ONTARIO

Announced on October 2nd, masks will be mandatory in indoor spaces and on public transit in Ontario throughout the province starting October 3rd under the Reopening Ontario Act.

Under the Reopening Ontario Act, all businesses and organizations require the use of face coverings indoors, with exemptions (listed below). Under the previous order face coverings were only required in commercial establishments.

Individuals working behind a plexiglass or glass barrier are no longer exempt from wearing a face covering, unless the area is not accessible to the public and a 2-metre distance can be maintained from others.

Exemptions to wearing a mask in a convenience store include:

- Individuals under 2 years of age.
- Individuals receiving services that require the removal of their face covering (including for age verification purposes)
- Individuals consuming food or drink.
- Individuals that have medical conditions that inhibit their ability to wear a mask or face covering.
- Individuals that are unable to put on or remove their mask or face covering without the assistance of another person.
- Individuals being accommodated in accordance with the Accessibility for Ontarians with Disabilities Act, 2005.
- Individuals being accommodated in accordance with the Human Rights Code.
- Individuals performing work for the business or organization, in an area that is not accessible to members of the public and are able to maintain a physical distance of at least two metres from others while in the indoor area.

The new regulation expressly states that a person is not required to provide evidence to demonstrate that they fall within one of the exceptions.

Visible signage showing that face masks are required.

Store staff are required to give a verbal reminder that face masks are required.

Retailers still to comply with sale of age-restricted products requirements.

Fines

- An individual is subject to a fine of not more than \$100,000 and for a term of imprisonment of not more than one year;
- An individual who is an officer or director of a corporation is subject to a fine of not more than \$500,000 and for a term of imprisonment of not more than one year, and
- A corporation is subject to a fine of not more than \$10,000,000.

MANDATORY MASK REQUIREMENTS

AS OF NOVEMBER 25, 2020

QUEBEC

On July 13th, Quebec Premier Legault announced that **masks will be mandatory across the entire province beginning Saturday, July 18th.**

Early details of this regulation include:

- All individuals 12 years or older will need to wear a mask when entering an enclosed public space, including our stores.
- **Business owners will be responsible for applying the new regulations, i.e. denying customers who do not wear masks entry to the store. Failure to do so could result in fines, more details below.**
- If a customer does not want to comply and they are not exempt from wearing a mask, store staff must call police.
- **Customers' masks may be temporarily removed where and when necessary for the purpose of receiving store services (i.e. ID and age verification for age-restricted products).**
- Face shields and visors are not acceptable alternatives to face masks
- From August 1st, individuals who refuse to wear masks could also face fines.

Fines:

- First offence: a warning will be issued
- Second offence: \$400
- Subsequent offences: fines will double with every occurrence, up to \$6,000

View the decree [here](#).

To download posters on mandatory mask wearing, click [here](#).

PRINCE EDWARD ISLAND

Announced on November 17th, masks will be mandatory in all indoor spaces and public transportation in Prince Edward Island. Below are early details. We will update as more information comes to us.

PROVINCE WIDE

Effective midnight Thursday, November 19th

Requirements:

- Masks will be required in all indoor public spaces (stores, retail spaces, restaurants – except when eating or drinking, sports buildings, places of worship, etc.)
- There will be exceptions for very young children and for people who can't wear masks for medical reasons
- Face shields do not replace masks
- **Customers' masks may be temporarily removed where and when necessary for the purpose of receiving store services (i.e. ID and age verification for age-restricted products)**
- Signage can be downloaded from [here](#).

Guidelines can be read [here](#). The public health order can be found [here](#).
